

Supplies natural, fresh,
alkaline, mineral water.

Bio Mineral Pot 300-400-1000

Bio Mineral Pot 400, 1000 Mineral Pot 300

Proper hydration & minerals are essential for the human body to function effectively & to maintain health. Especially minerals like Calcium, Magnesium, Zinc, Sodium & Phosphorus.

The Mineral pot adapts the natural principles for generating mineral water by passing the water through coral sand and mineral sands. Through this process calcium and over 20 other minerals, vital for health, are added to the water through ion exchange, whilst unwanted contaminants are removed.

Mineral Pot-300

Bio Mineral Pot-400

Bio Mineral Pot-1000

Features

• Water Filtering Process

Pollutants are gradually removed & natural minerals added as the water passes through the complex multi-layered filters.

• Magnetised Water Keeping You Healthy

Multipolar magnets within the filters magnetize the water creating a living energy in the water cells.

• Always Fresh Water, Even During Storage

Mineral Pots use a bacteriostatic agent called Somelite by plating silver onto the carbon & coral sands. The Somelite removes bacteria & prevents further bacteria propagation making sure your water is always fresh & tasting great.

Waters Co Mineral Pots EST. 1977 Carry a Lifetime Warranty against Manufacturing defects.

Specifications

Model	Mineral Pot-300	Bio Mineral Pot-400	Bio Mineral Pot-1000
Total Size	233(φ) x 385(H)mm	233(φ) x 385(H)mm	305(φ x 495(H)mm
Weight	3.2kg	4.2kg	6.4kg
Pot Capacity	4litres	4litres	10litres
	Q'TY & LIFE SPAN OF FILTER (Based on 8ltr/day)	Q'TY & LIFE SPAN OF FILTER (Based on 12ltr/day)	Q'TY & LIFE SPAN OF FILTER (Based on 18ltr/day)
Upper(1st Stage) Filter	6pcs(4 months)	6pcs(4 months)	6pcs(4 months)
2nd Stage Filter	x	x	1pc(24 months)
Mineral Main(3rd Stage) Filter	1pc(24 months)	2pc(12 months)	1pc(24 months)
Bio Ceramic	x	1pc(Replacement not required unless broken)	
Alkalite Diskette	x	1pc(Replacement not required unless broken)	
Sub Mineral Cartridge	1pc(24 months)	1pc(24 months)	1pc(24 months)
